Description of the Issuer-Organisational Structure-Recent Developments

The existing text under the heading “Recent Developments” on page 159 of the Base Prospectus shall be deleted in its entirety and the following text shall be inserted:

“There has been no significant change in the financial performance or financial position of the Group since 31 December 2022 and there has been no material adverse change in the prospects of the Issuer since 31 December 2022.

On 9 February 2023, the Issuer announced that it would commence preliminary discussions with Icelandic bank Kvikabanki hf. regarding a potential combination between the Issuer and Kvikabanki hf. Any combination of the two companies would be subject to the approval of the relevant supervisory authorities and shareholders of both companies.”

General Information-Litigation

The following text shall be inserted after the first paragraph under the heading “Litigation” on page 182 of the Base Prospectus:

“Initial Findings of the FSA of the Central Bank of Iceland

On 9 January 2023, the Issuer announced that it had received the preliminary findings from the FSA’s inspection into the Issuer’s execution of the offering by the Icelandic State of a 22.5% stake in the Issuer’s share capital that took place in March 2022 (the **Offer**). In the findings the FSA indicates its view that the Issuer may have violated certain laws and regulations applicable to its operations. The FSA pointed out its powers to impose administrative fines and to conclude cases with a settlement. The Issuer has requested that the case be concluded with a settlement. The management of the Issuer takes the FSA’s findings seriously. The Issuer has responded to certain sections in the preliminary findings and will complete a response to the FSA by mid-February and expects the FSA’s response in due course. Following the Offer, the Issuer has made changes to its internal rules and procedures and will, subject to the outcome of its internal review and discussions with the FSA, continue to implement appropriate measures. The amount of the potential administrative fine has not been decided and is therefore uncertain. The Issuer has, however, recognised an undisclosed provision based on its own internal estimate.”

Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of the Base Prospectus or this Supplement.
